

**DRYLOK® EXTREME
CONCRETE & MASONRY
WATERPROOFER**

Builder
BRAND LEADER 2021

#1 EXTERIOR FOUNDATION
WATERPROOFING
(CONSTRUCTION PHASE)

Unlike ordinary paint that simply adheres to a surface and can be forced off by incoming water pressure, DRYLOK® Extreme Concrete & Masonry Waterproofing actually penetrates the pores in that surface, bonding to the masonry and creating an impenetrable barrier.

This product is an essential part of the waterproofing process. **1** Prepare **2** Patch **3** Waterproof

FEATURES:

- Formula:** latex base
- Finish:** bright white flat, smooth
- Application tools:** brush, roller or sprayer
(For spray specifications visit www.DRYLOK.com)
